

Regelquerschnitt 2-2
Planstr. A und B, $b=6,50\text{m}$

The diagram illustrates a standard street cross-section with a total width of 6.50m. The layout includes a 3.50m wide driving lane (Fahrbahn) and a 2.40m wide parking area (Parkplatz). On both sides, there is a 0.30m wide sidewalk (Grenze). A tree is positioned on the right sidewalk, and a lamp is on the left. A 2.5% cross-slope is indicated, with a 3cm height difference on the left and a 1cm height difference on the right. A drainage ditch (Rinne) is shown with a 0.32m width and a 0.15m depth on both sides.
